Join CMCA(UK) in Worcester for our 20th Anniversary Event

CMCA(UK) will reach a major milestone in early October 2017 as we commence our 20th year in business. To celebrate this achievement we are planning to hold an open day for friends, family, customers and supporters alike. The event will be held in the Hindlip suite at Sixways stadium, Worcester, on Thursday 5th October 2017, providing a perfect opportunity to interact with our staff and learn more about what we do and how we work. Our plan is to hold a morning and afternoon session both of which will last for around 90 minutes with refreshments available throughout. All that we ask is that you kindly register your interest in advance using the form below, indicating your preference for the morning or afternoon session. Our event organization team will then contact you during September to provide confirmation of your attendance together with details of timings, directions and parking arrangements. Wherever possible we will attempt to accommodate individual requests for the AM or PM session. We hope to see you there...
